Fabian NOEL

GREENFORD, MIDDLESEX, UB6 0EF | 07307380462 | F.AJD97@OUTLOOK.COM

I consider myself a creative individual with an avid passion for web development, software development and design with experience with web development in a commercial/work environment. I am experienced in using HTML, CSS & JavaScript to build websites as well as familiarity with cPanel to host them. I also have knowledge on front-end & back-end technologies such as Bootstrap & Django.

INTERESTS

I am currently looking for a full-time career in the technology industry (web development, software development and digital marketing). I am currently undergoing a personal project of building my own portfolio to showcase my future apps/websites I create. In my free time I enjoy learning about the intricate details of how applications work. I also enjoy gaming in my down time.
